COMMISSIONER YILMAZ

MELBOURNE, 19 JANUARY 2023

Application for approval of the Monash Student Association (Clayton) Inc. Enterprise Agreement 2020

[1] An application has been made for approval of an enterprise agreement known as the *Monash Student Association (Clayton) Inc. Enterprise Agreement 2020* (the Agreement). The application was made pursuant to s.185 of the *Fair Work Act 2009* (the Act). It has been made by Monash Student Association (Clayton) Inc. The Agreement is a single enterprise agreement.

[2] The Employer has provided written undertakings. A copy of the undertakings is attached in Annexures A and B. I am satisfied that the undertakings will not cause financial detriment to any employee covered by the Agreement and that the undertakings will not result in substantial changes to the Agreement. The undertakings are taken to be a term of the Agreement.

[3] Subject to the undertakings referred to above, I am satisfied that each of the requirements of ss.186, 187, 188 and 190 are relevant to this application for approval and have been met. The Agreement does not cover all of the employees of the employer, however, taking into account the factors in ss.186(3) and (3A) I am satisfied that the group of employees was fairly chosen.

[4] On Wednesday 18th January 2023, the Applicant provided submissions that the below Award Supported Wage allowance in clause 5.2 was an error. This email contained an undertaking attached in Annexure B, correcting and improving upon this error. I am satisfied that the correction should be made and that it is appropriate to do so pursuant to the undertaking.

[5] The National Tertiary Education Industry Union being a bargaining representative for the Agreement, has given notice under s.183 of the Act that it wants the Agreement to cover it. In accordance with s.201(2) I note that the Agreement covers the organisation.

[6] The Agreement is approved and in accordance with s.54, will operate from 26 January 2023. The nominal expiry date of the Agreement is 30 June 2024.

- 2.3.6. Conversion may be to either a continuing appointment (Clause 2.5) or to a fixed-term appointment (clause 2.4) consistent of this Agreement. The offer of conversion will indicate the hours and pattern of work, which subject to due consideration of MSA's operational requirements and the desirability of offering the casual staff member work which is as regular and continuous as reasonably practicable, will be consistent with the staff member's casual engagement.
- 2.3.7. Casual staff members converted under this clause will not have their casual service count as service for the purpose of calculating any other existing entitlement except for Long Service Leave.
- 2.3.8. A casual staff member whose application for conversion is rejected will not be entitled to apply again within 12 months except where:

1. DEFINITIONS

1.1 Supervision

1.1.1 Close supervision

Clear and detailed instructions are provided. Tasks are covered by standard procedures. Deviation from procedures or unfamiliar situations is referred to higher levels. Work is regularly checked.

1.1.2 Routine supervision

Direction is provided on the tasks to be undertaken with some latitude to rearrange sequences and discriminate between established methods. Guidance on the approach to standard circumstances is provided in procedures, guidance on the approach to non-standard circumstances is provided by a supervisor. Checking is selective rather than constant.

1.1.3 General direction

Direction is provided on the assignments to be undertaken, with the occupant determining the appropriate use of established methods, tasks and sequences. There is some scope to determine an approach in the absence of established procedures or detailed instructions, but guidance is readily available. Performance is checked by assignment completion.

1.1.4 Broad direction

Direction is provided in terms of objectives which may require the planning of staff, time and material resources for their completion. Limited detailed guidance will be available and the development or modification of procedures by the staff member may be required. Performance will be measured against objectives.

1.2 Qualifications

Within the Australian Qualifications Framework:

1.2.1 Year 12

Completion of a senior secondary certificate of education, usually in Year 12 of secondary school.

1.2.2 Trade certificate

Completion of an apprenticeship, normally of four years' duration, or equivalent recognition, e.g. Certificate III.

1.2.3 Post-trade certificate

A course of study over and above a trade certificate and less than a Certificate IV.

1.2.4 Certificates I and II

Courses that recognise basic vocational skills and knowledge, without a Year 12 prerequisite.

1.2.5 Certificate III

A course that provides a range of well-developed skills and is comparable to a trade certificate.

1.2.6 Certificate IV

A course that provides greater breadth and depth of skill and knowledge and is comparable to a two-year part-time post-Year 12 or post-trade certificate course.

1.2.7 Diploma

A course at a higher education or vocational educational and training institution, typically equivalent to two years' full-time post-Year 12 study.

1.2.8 Advanced diploma

A course at a higher education or vocational educational and training institution, typically equivalent to three years' full-time post-Year 12 study.

1.2.9 Degree

A recognised degree from a higher education institution, often completed in three or four years, and sometimes combined with a one-year diploma.

1.2.10 Postgraduate degree

A recognised postgraduate degree, over and above a degree as defined above.

1.2.11 Note: Previously recognised qualifications obtained prior to the implementation of the Australian Qualifications Framework continue to be recognised. The above definitions also include equivalent recognised overseas qualifications.

1.3 Classification dimensions

1.3.1 Training level

The type and duration of training which the duties of the classification level typically require for effective performance. Training is the process of acquiring skills and knowledge through formal education, on the job instruction or exposure to procedures.

1.3.2 Occupational equivalent

Examples of occupations typically falling within each classification level.

1.3.3 Level of supervision

This dimension covers both the way in which staff are supervised or managed and the role of staff in supervising or managing others.

1.3.4 Task level

The type, complexity and responsibility of tasks typically performed by staff within each classification level.

1.3.5 Organisational knowledge

The level of knowledge and awareness of the organisation, its structure and functions that would be expected of staff at each proposed classification level, and the purposes to which that organisational knowledge may be put.

1.3.6 Judgment, independence and problem solving

Judgment is the ability to make sound decisions, recognising the consequences of decisions taken or actions performed. Independence is the extent to which a staff member is able (or allowed) to work effectively without supervision or direction. Problem solving is the process of defining or selecting the appropriate course of action where alternative courses of actions are available.

This dimension looks at how much of each of these three qualities applies at each classification level.

Typical activities

Examples of activities typically undertaken by staff in different occupations at each of the classification levels.

LEVEL 1

Training level or qualifications

Persons employed at Level 1 shall typically perform duties at a skill level which assumes and requires knowledge, training or experience relevant to the duties to be performed, or completion of year 12 without work experience or an equivalent combination of experience and training.

Occupational equivalent
